Wichtige Hinweise

Holz ist ein gewachsener Werkstoff. Kein Stamm gleicht dem anderen. Die einzelnen Stämme unterscheiden sich in Maserung und Farbe. Aber auch innerhalb eines Stammes treten Struktur- und Tonunterschiede auf. Unter Lichteinwirkung und durch extrem feuchtes oder extrem trockenes Klima kann sich die Holzfarbe ändern. Unterschiede, Unregelmäßigkeiten und Veränderungen, die aufgrund der natürlichen Beschaffenheit des Holzes auftreten, sind kein Grund zur Beanstandung.

Die Furniere werden sorgfältig und kommissionsweise ausgewählt. Soweit möglich verwenden wir für einen Auftrag Furnier aus einem Stamm. Dadurch werden die Unterschiede in Struktur und Färbung so gering wie möglich gehalten. Bei Nachlieferungen sind Unterschiede in Struktur und Färbung kein Grund zur Beanstandung.

Drucktechnisch können sich Farbabweichungen zu den Originaloberflächen ergeben.

Änderungen vorbehalten.

Important notes

Wood is a grown material. No trunk of a tree is like the other. The single trunks are different in grain and colour. Also within a trunk there are differences in structure and tone. When exposed to light and in an extremely humid or extremely dry climate the wood colour can change. Differences and changes caused by the natural quality of the wood are no reason for complaint.

The veneer will be chosen carefully and separately for each commission. As far as possible we use veneer of the same trunk for one order. This helps to keep differences in structure and colour as low as possible. Differences in structure and colour are no reason for complaint in subsequent deliveries.

Colours shown in print may vary from actual material.

Alterations subject to change.

Code	Farben und Materialien	Colours and materials
	Unifarben Melamin	Plain colours melamine finish
011	lichtgrau*	light grey*
014	schwarz**	black**
041	weißaluminium	aluminium white
049	kristallweiß***	crystal white***
072	graphit	graphite
085	Royal Weiß***	royal white
	Gestelle (Pulverlack)	Frames (coating powder)
021	schwarz struktur	black structure
022	silber struktur	silver structure
023	lichtgrau struktur	light grey structure
029	silber metallic****	silver metallic****
055	kristallweiß struktur	crystal white structure
056	helium	helium
068	graphit struktur	graphite structure
090	Rost Optik	rust optic
091	Rost hell	light rust
092	Rost dunkel	dark rust
	Holzdekore (Melamin)	Wood decor (melamine finish)
